Structured Data (featureList):

Add the following to the featureList array:

- "Target Model selector for Claude-specific XML formatting"
- "Prompt Frameworks (RISE, CARE, Step-by-Step)"
- "Interview Mode for clarifying questions before generation"
- "Quick Modes: Growth Mode, Human Voice, and Clarity Boost"

Structured Data (FAQPage):

Update the answer to "Is PromptMeGood free to use?" to reflect the new features:

New Answer: "Yes — there is a free tier with daily limits (2 Run With AI on GPT-4.1-mini, 1 image generation, and 1 file analysis per day) plus a 7-day boosted trial for new visitors. The structured Prompt Builder, Photography Suite pill pickers, Target Model selector, Frameworks, Interview Mode, and Quick Modes are unlimited on the free tier with no signup required. Power features — Expert Command Center, Growth Mode drawer, Image Workshop, Reverse Engine, Prompt DNA Card, and Storyboard Generator — are paid features on Founding Member / Pro / Pro Studio plans. Founding Member (\$79 one-time, first 500, price locked for life) unlocks lifetime access to core features. A monthly Pro plan (\$14/month) and yearly Pro plan (\$129/year) launch July 1, 2026, plus a Pro Studio tier (\$29/month or \$290/year) for heavy users. Fair use limits apply."
